George Washington High School

Principal's Message

This is the fourth year I have greeted the students of G.W.H.S. from the pages of the Gecko. I have watched you Seniors grow from beginning freshmen to our present senior class, which is the largest graduating class in the history of Guam. During these four years we have all worked hard to improve the educational opportunities for the people of Guam. Our High School has grown from approximately 1200 students to an amazing 2200 in this short period of time. There has also been constant growth and expansion in facilities, curriculum and faculty; and at the present time we have bright visions of even greater growth and provision for greater opportunities in the near future.

You have watched many of your classmates drop from school for various reasons. I am aware that many of you and your families have made real sacrifices so that you could remain in school. To obtain an education in spite of hardships is very commendable, and I offer my sincere congratulations to you and to your parents.

As students and alumni, your challenge in life is to prepare yourselves in such a way that you can take advantage of future opportunities as they present themselves. It is my hope that you have done your very best with the opportunities which were yours. To do your best every day, to be faithful to each responsibility no matter how small, that is the first step to success in life.

Your principal,

PAUL E. GETTYS

*Dean
Goddard*

Although Dean Goddard has been on Guam before, this is his first year at G.W.H.S. The dean received his B.S. degree at South Eastern Missouri State College, which is in his home town of Cape Girardeau and he has nearly completed his M.A. work at George Peabody College, Nashville, Tennessee. The dean rates sports in general as his hobby.

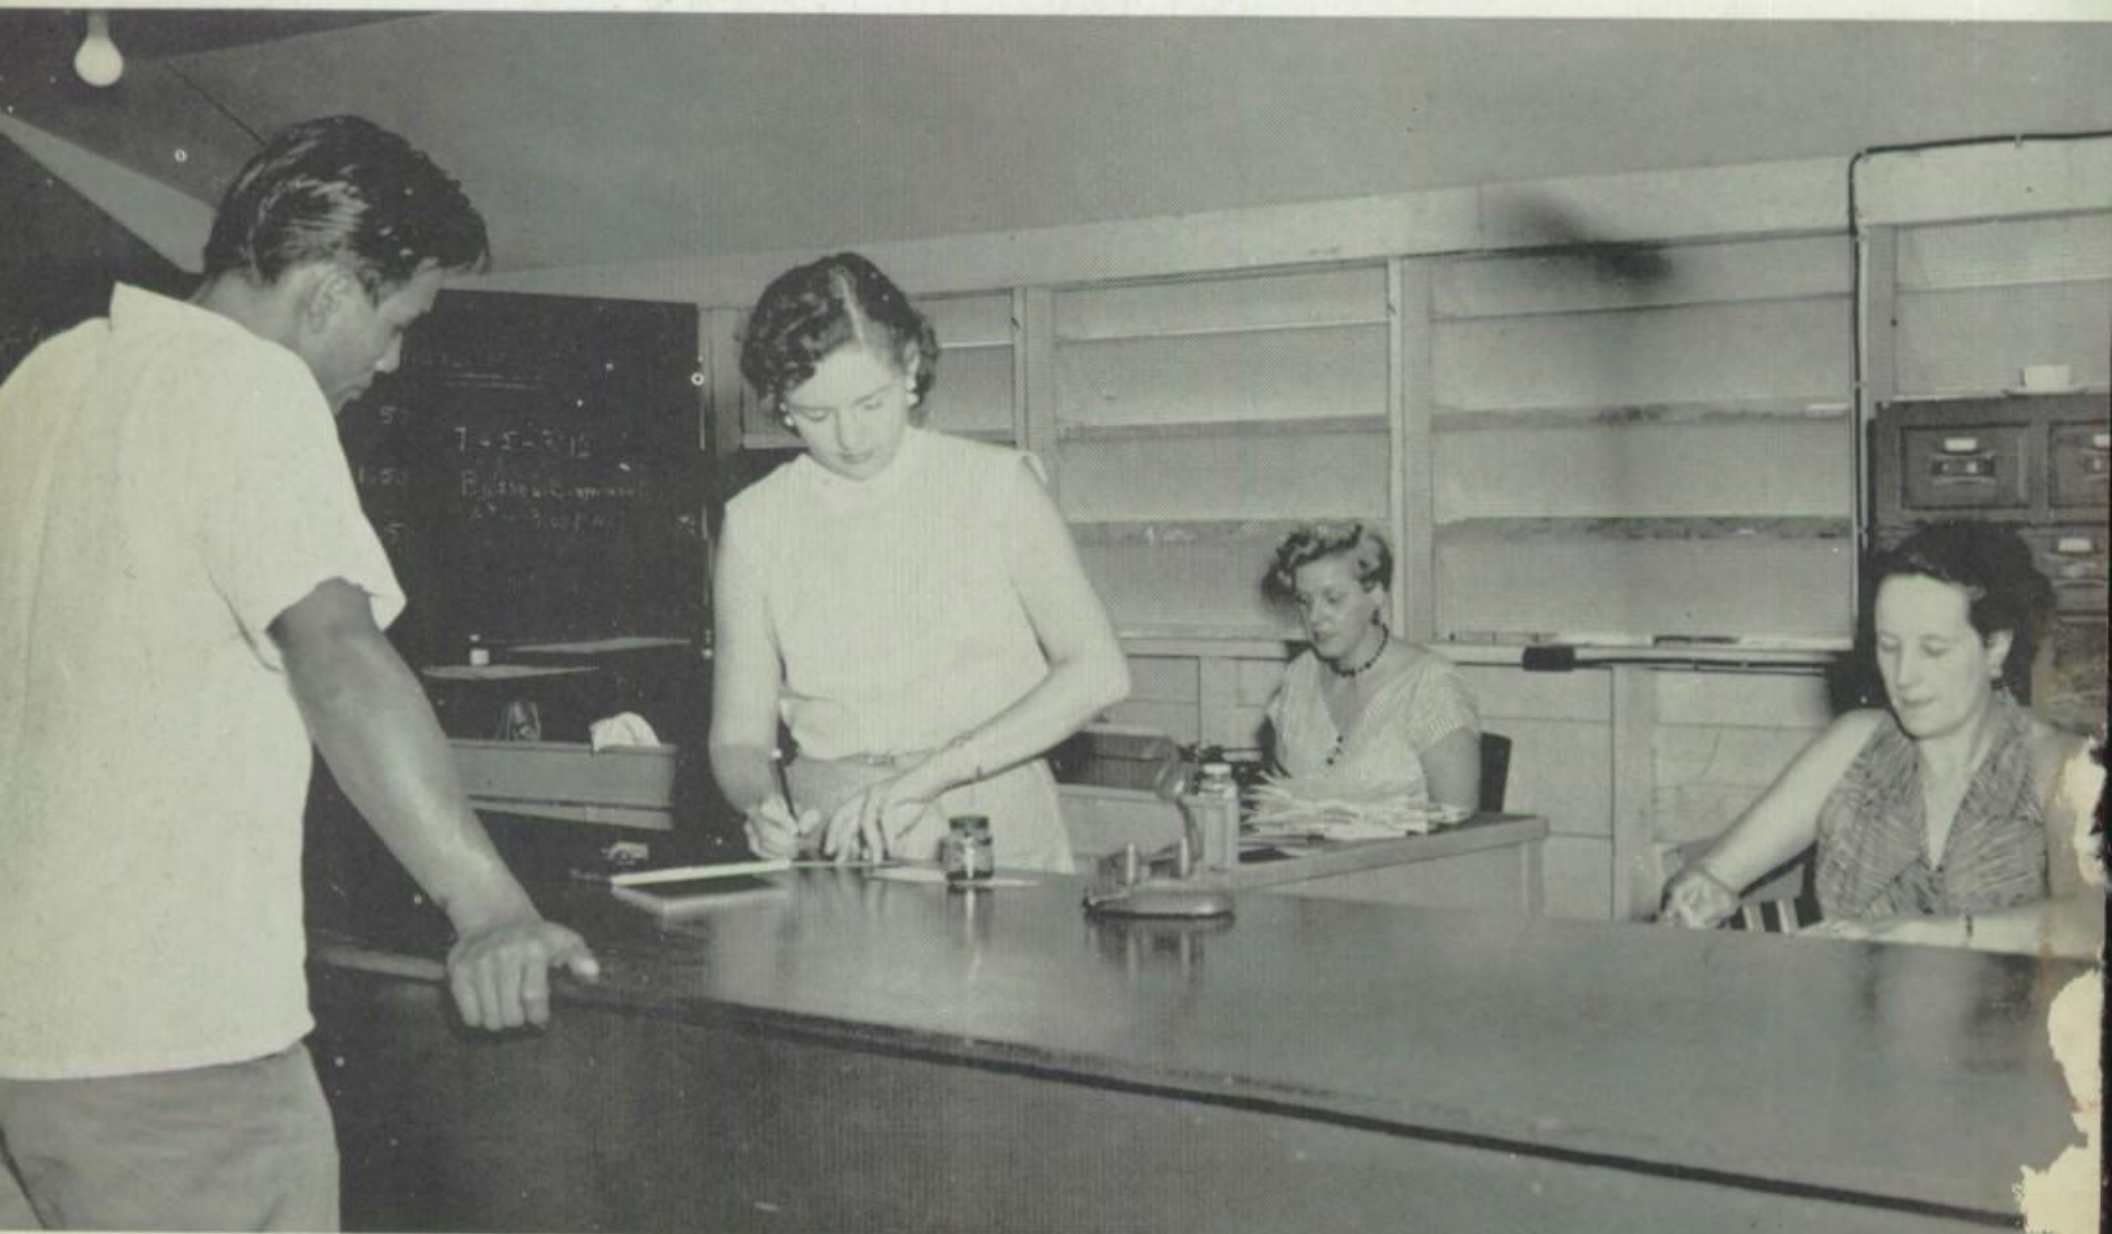

*Vice Principal
Mr. Rios*

Mr. Rios, who has been active in education for the past 37 years, supervises transportation, the payroll, and the custodians. Mr. Rios attended Oklahoma A and M for three years. Agana is his home town.

"Long."

My pleasure in writing
my this book of mine
Remember this writing
When I'm on the lonely
shores.

I'm really going to
change from my lax
to my shoes I'm changing
my civilian clothes,
to those navy blues.

Keep up the good works,
and don't leave them undone,
for some where along the way,
you'll find lots of fun.

I really must be closing,
with this pen I'm signing
my name. ~~Remember~~ Distribute while
the time is here.

Lovers Leap

Then the little horn toad said in a wee . . .

How-dee-do-dee

Who's that way up thar?

Faculty Off Guard

. . . and did you know . . .

Is that
Mr. Gum?

Music, Music, ^{Boat} Music!

They didn't think we'd print it

a nice young lady
and live really
enjoyed having you

Senior Class Message

Dear Fellow Students and Teachers:

This, our last year in high school, will terminate the struggle for knowledge for most of us; however, as important as it may seem, this year is not the decisive one. What we have learned is yet to be evaluated in terms of our future accomplishments. Thomas A. Edison once said that success was 99% perspiration and 1% inspiration. Motivated by this parable, we realized that our destiny of success is attainable.

As president of the Class of 1955, I take this opportunity on behalf of my fellow students to express our most heartfelt appreciation for the support and untiring assistance of both students and the faculty in all our endeavors.

Sincerely yours,

Art

Besides the regular classroom activities the art students made posters for various school functions, designed and constructed the stage sets for the Christmas Pageant, and participated in several exhibits. In the picture above the student is sketching.

The great demand for clerical workers on Guam causes many students to elect Typing . . .

Business Law

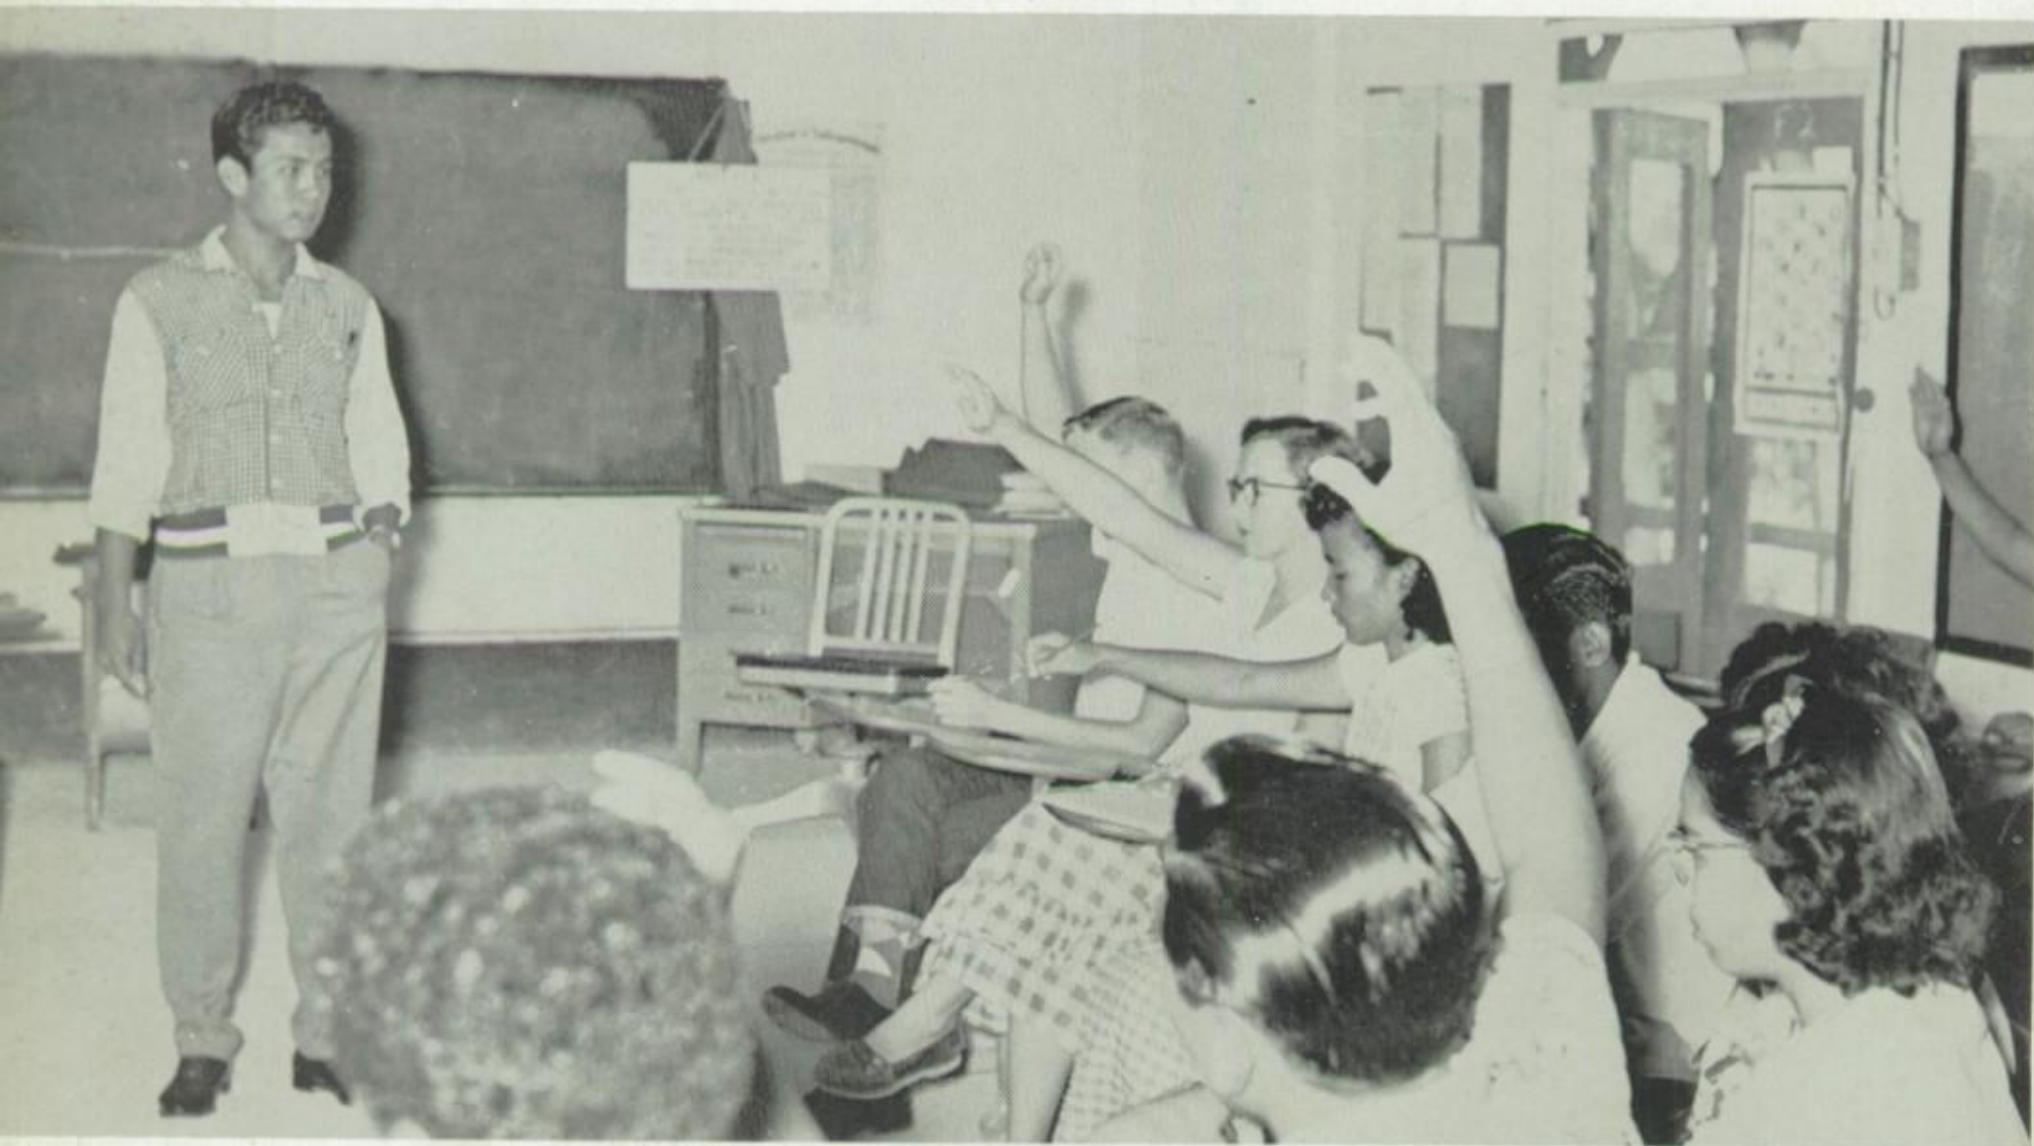

Shorthand and Bookkeeping.

Commercial

A newcomer to the Commercial Department is office practice in which the students put their knowledge to work by typing and mimeographing tests and bulletins.

The students of the English Department have the opportunity to dramatize plays, above, and to experience speaking before a group, below.

English

The English Department strives to broaden each student's knowledge and appreciation of world literature, to increase the vocabulary of each student and to eliminate the common errors of English grammar.

Foreign Language

Spanish and Latin are taught to give students a fundamental knowledge of these languages for professional and pre-college requirements. Appreciation for the culture and civilization from which these languages are derived is also stressed.

In the homemaking classes the basic subjects taught are cooking, above, and sewing, below. In addition the girls learn the fundamentals of clothing, child care, home safety, home management, home decoration, and meal planning.

Home Economics

The department also strives to teach the future homemakers to recognize good standards of living, to value family life, and to develop personally and socially.

Home Nursing

Home nursing, a required course for senior girls, aims to teach the girls care of the sick, first aid, family health and personal hygiene.

Woodshop

The boys in the picture to the left are using the modern electric equipment to help them construct their various projects.

Autoshop

Below several of the boys in Auto Shop are working on their "hot rod" trying to find out what makes it tick.

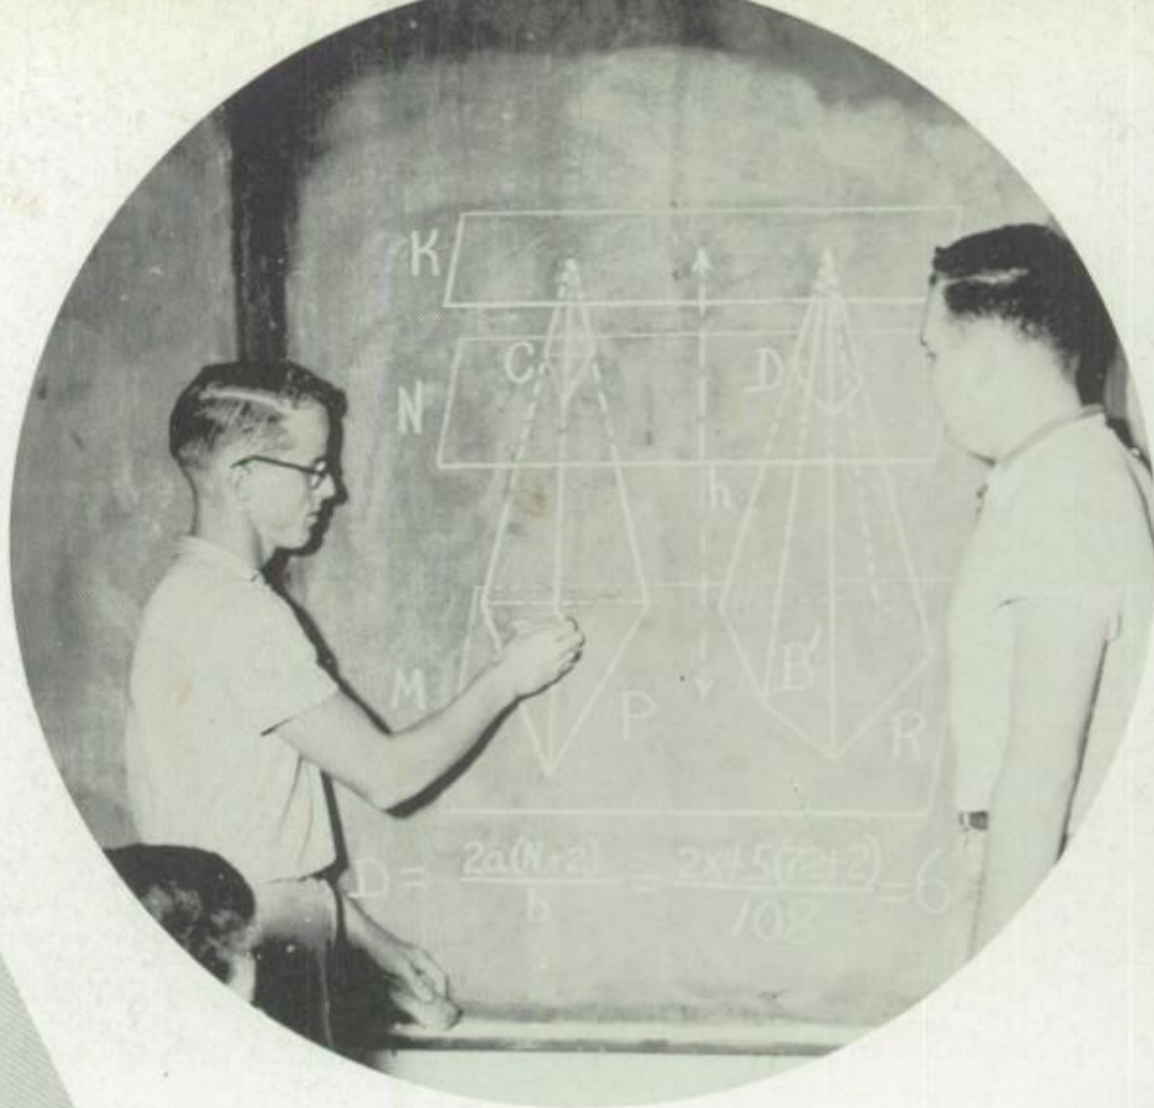

Industrial Arts

The classes in the Industrial Arts Department give the students information and instruction which will be of value either in a vocation or for personal use.

Library

The library has two primary purposes: to provide reference material and to encourage student interest in reading by offering a variety of magazines and books.

Mathematics

General Math, algebra I and II, plane and solid geometry and trigonometry are offered by the Mathematics Department. The pictures above depict the daily routine of the trigonometry classes.

Advanced Band

The G.W.H.S. Band consists of both boys and girls who express their musical talents in the playing of an instrument. The band displays its talents with a concert of Christmas music before the Pageant and by participating in the graduation exercises.

This is the third year that orchestra has been offered. The violinists have developed until they are now able to play in three parts.

Orchestra

Music

The Music Department offers the student a form of recreation and pleasure with its programs.

Advanced Chorus

Advanced Chorus, above, contains both boys and girls who had some knowledge of music before entering the class.

Good luck sing for I want be on the Chorus next year. always T. Chasfauers

Boys' Glee Club, below, enjoys singing those songs which are especially written for Bass and Tenor voices. The Glee Club also lends its talents to concerts and the Christmas Pageant.

Boys' Glee Club

Girls' Glee Club, below, is much the same as Boys' in that they also sing in two parts. The girls combine with the Chorus and Boys' Glee in the Christmas Pageant.

Girls' Glee Club

Among the seventeen different sports played are:

Ping-pong
Football
Basketball
Volleyball
Horseshoes
Badminton
Track
Tumbling

And techniques associated with the major sports.

The boys pictured here are having their try at touch football.

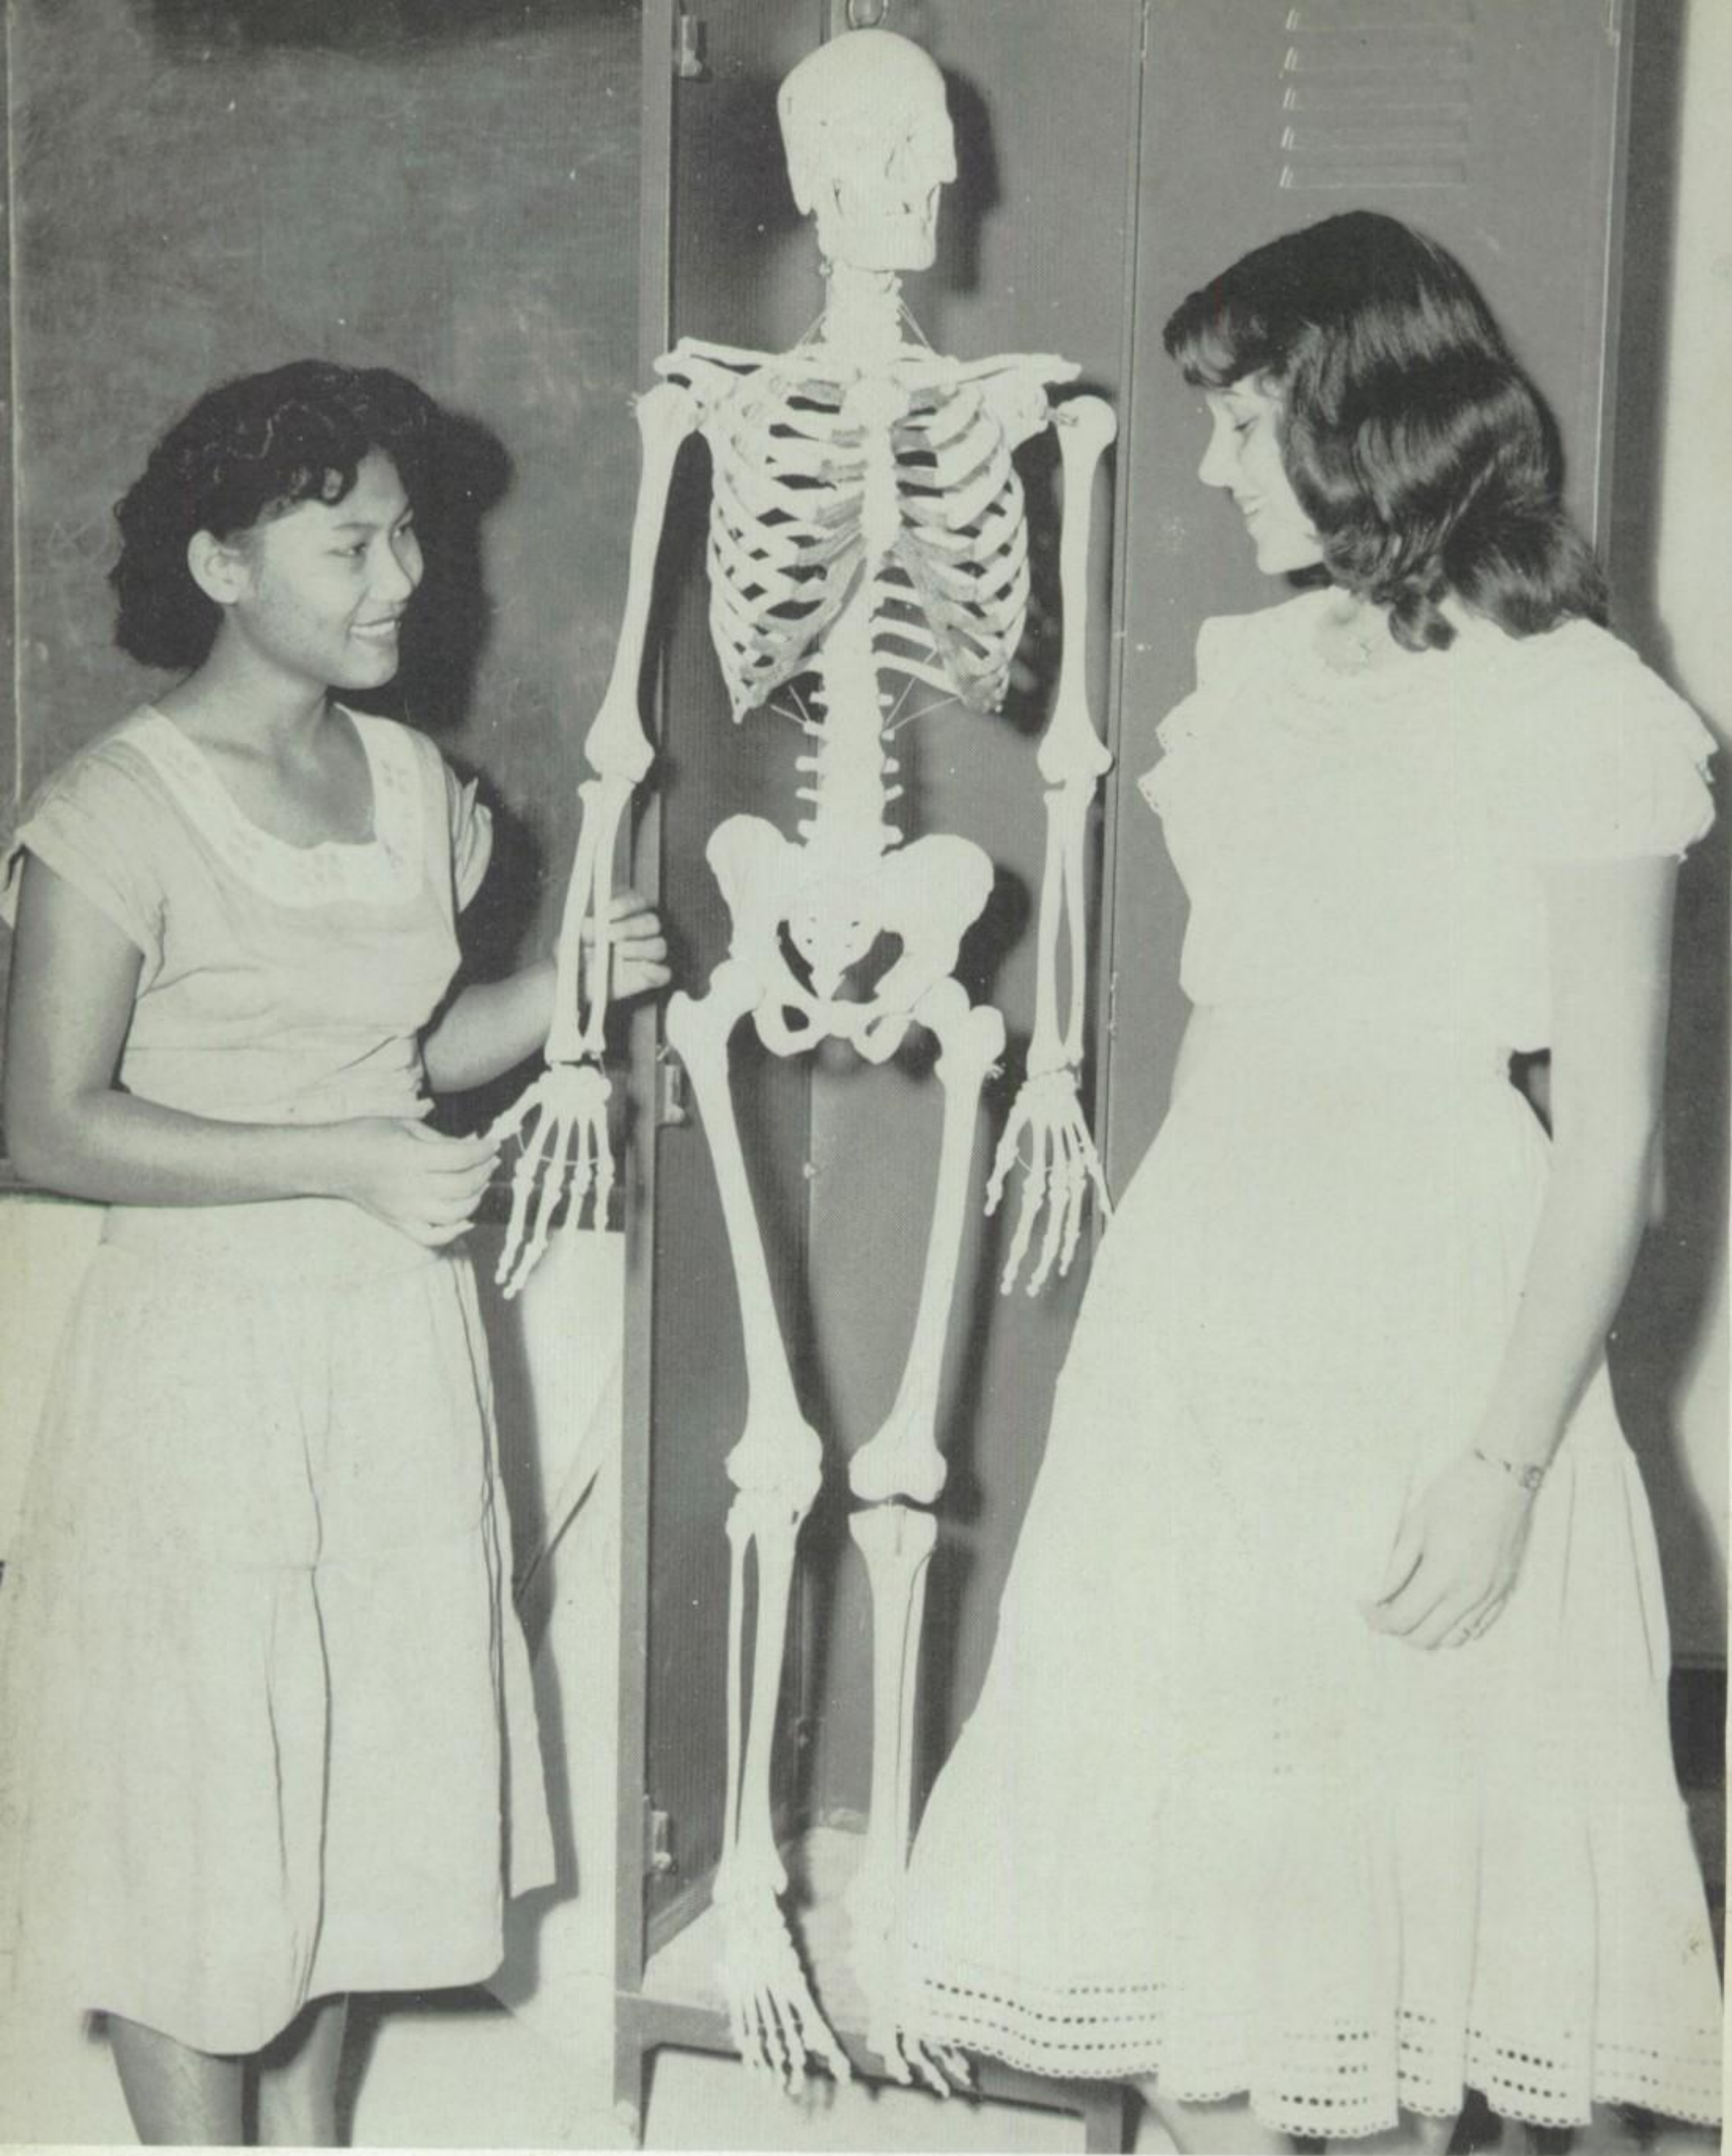

Boys' Physical Education

The Health and Physical Education Department tries to develop through team games and contests physical strength, vigor, skill and sportsmanship. Also at least one hour a week is spent in the classroom discussing rules of the sports in season, officiating, and studying first aid, public and personal health.

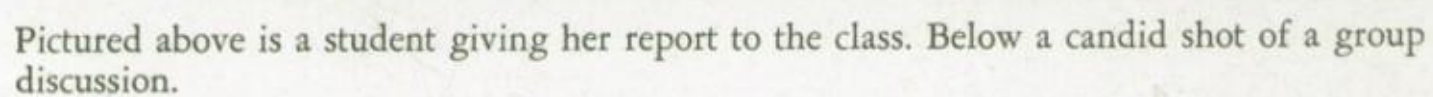

Girls' Physical Education

Girls' P.E. is endeavoring to help the girls develop better sportsmanship, initiative and understanding of various sports and to improve themselves both as participants and as spectators. The girls above are forming a pyramid.

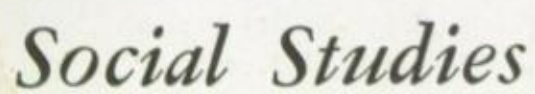

Science

These three campus beauties are showing their science class the basic construction of the body. Courses offered are physics, chemistry, biology and general science.

Social Studies is required of all George Washington High School students.

The Social Studies student is taught the principles of democracy and is given an opportunity to carry out these ideas in clubs, debates, and class discussions.

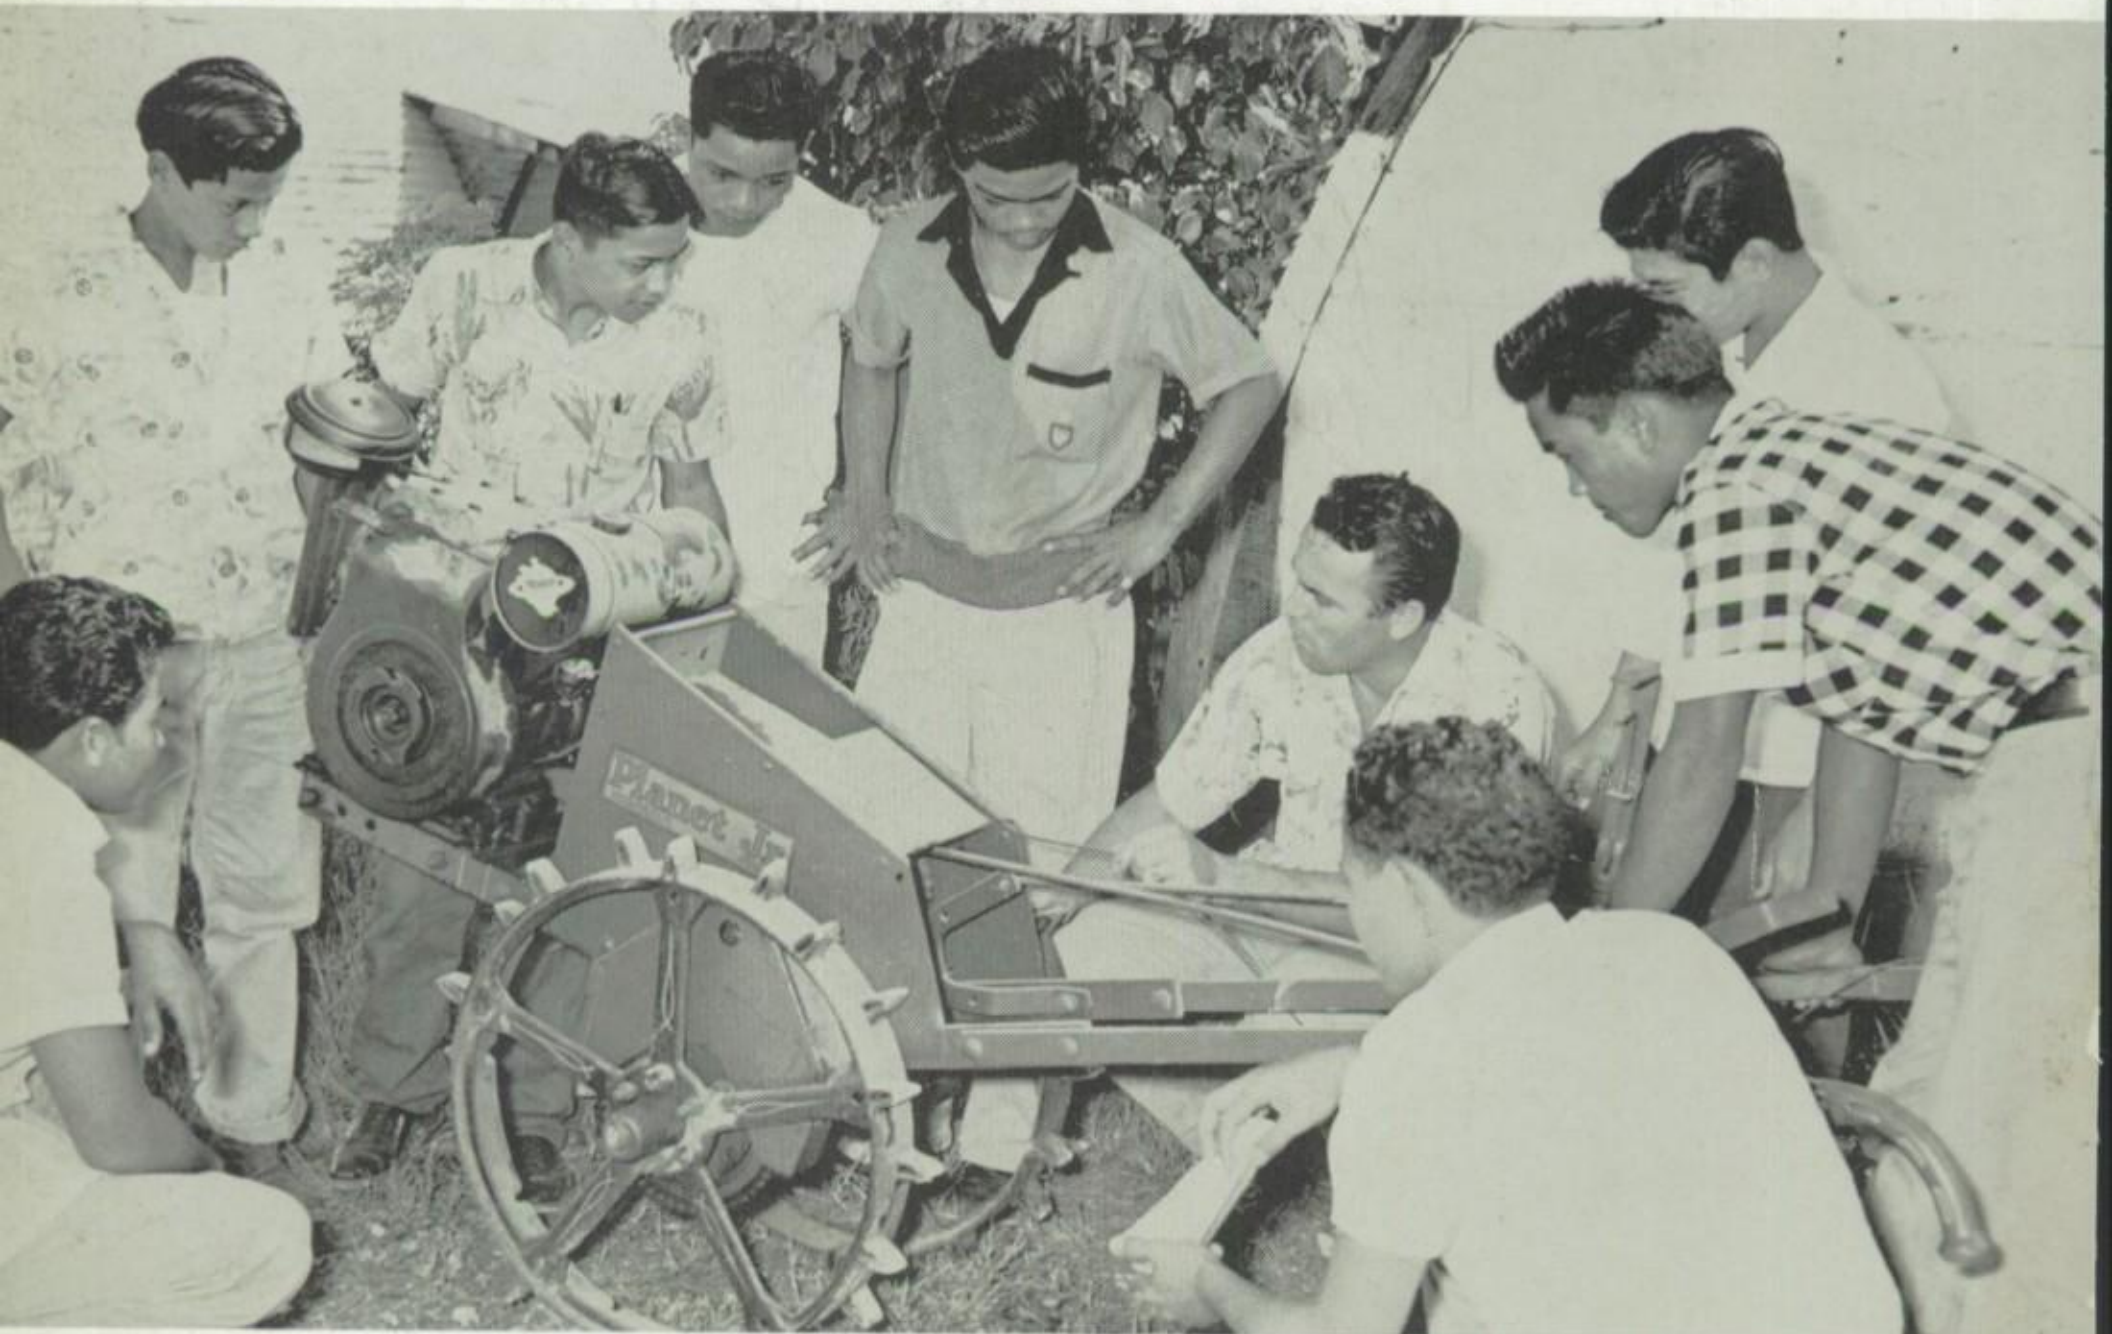

Electronics

In the picture above the boys are gaining knowledge of electricity by experimenting.

Below the instructor is explaining a new piece of equipment which has just arrived in the Agriculture Department.

Agriculture

Vocational

The purpose in offering vocational courses in high school is to provide the students with practical knowledge of a trade.

Student Organizations

Student Council

The Advisors are: Mrs. Ledbetter, Chairman; Mr. Surmeyer and Mr. Obermeier.

The officers of the Student Council are: President Vicente Salas, Vice President Clementina Salas, Secretary Mary Tiatano, Treasurer Ignacio Borja.

The student council is a group of elected officers and representatives from the G.W.H.S. Student Body. They work to avail themselves of special training and experiences through participation in student council programs and projects. This groups acts as a liaison group between the students and teachers and between the students and the school administration.

Question of the Month

The Spanish Club might have opened their meeting September 22, with these words when they elected Clementina Salas to the presidency. The other officers were John Perez, vice president; Eloise Manley, recording secretary; Matilde Pangelinan, corresponding secretary; and Mary Taitano, treasurer.

Laurence C. Bock, M. Dunne and C. Sporer are the advisors.

The first meeting was held in hut I-1.

The club members change their former name from the GWSC to the Exploradores En Espanol Club

"Extra!" Every Friday at the end of the month this cry is heard on G.W.H.S.'s campus as the Banana Leaf is sold to the students, who then become acquainted with their activities on campus, their administration's policies and their fellow students.

Behind the scenes the journalism and English students learn to write the news, analyze the news and keep a publication on a financially sound basis.

The library assistants are students who assist the librarian, keep the library in order, check out and renew books, and help the other students find the books they want. They receive one-half credit for this experience.

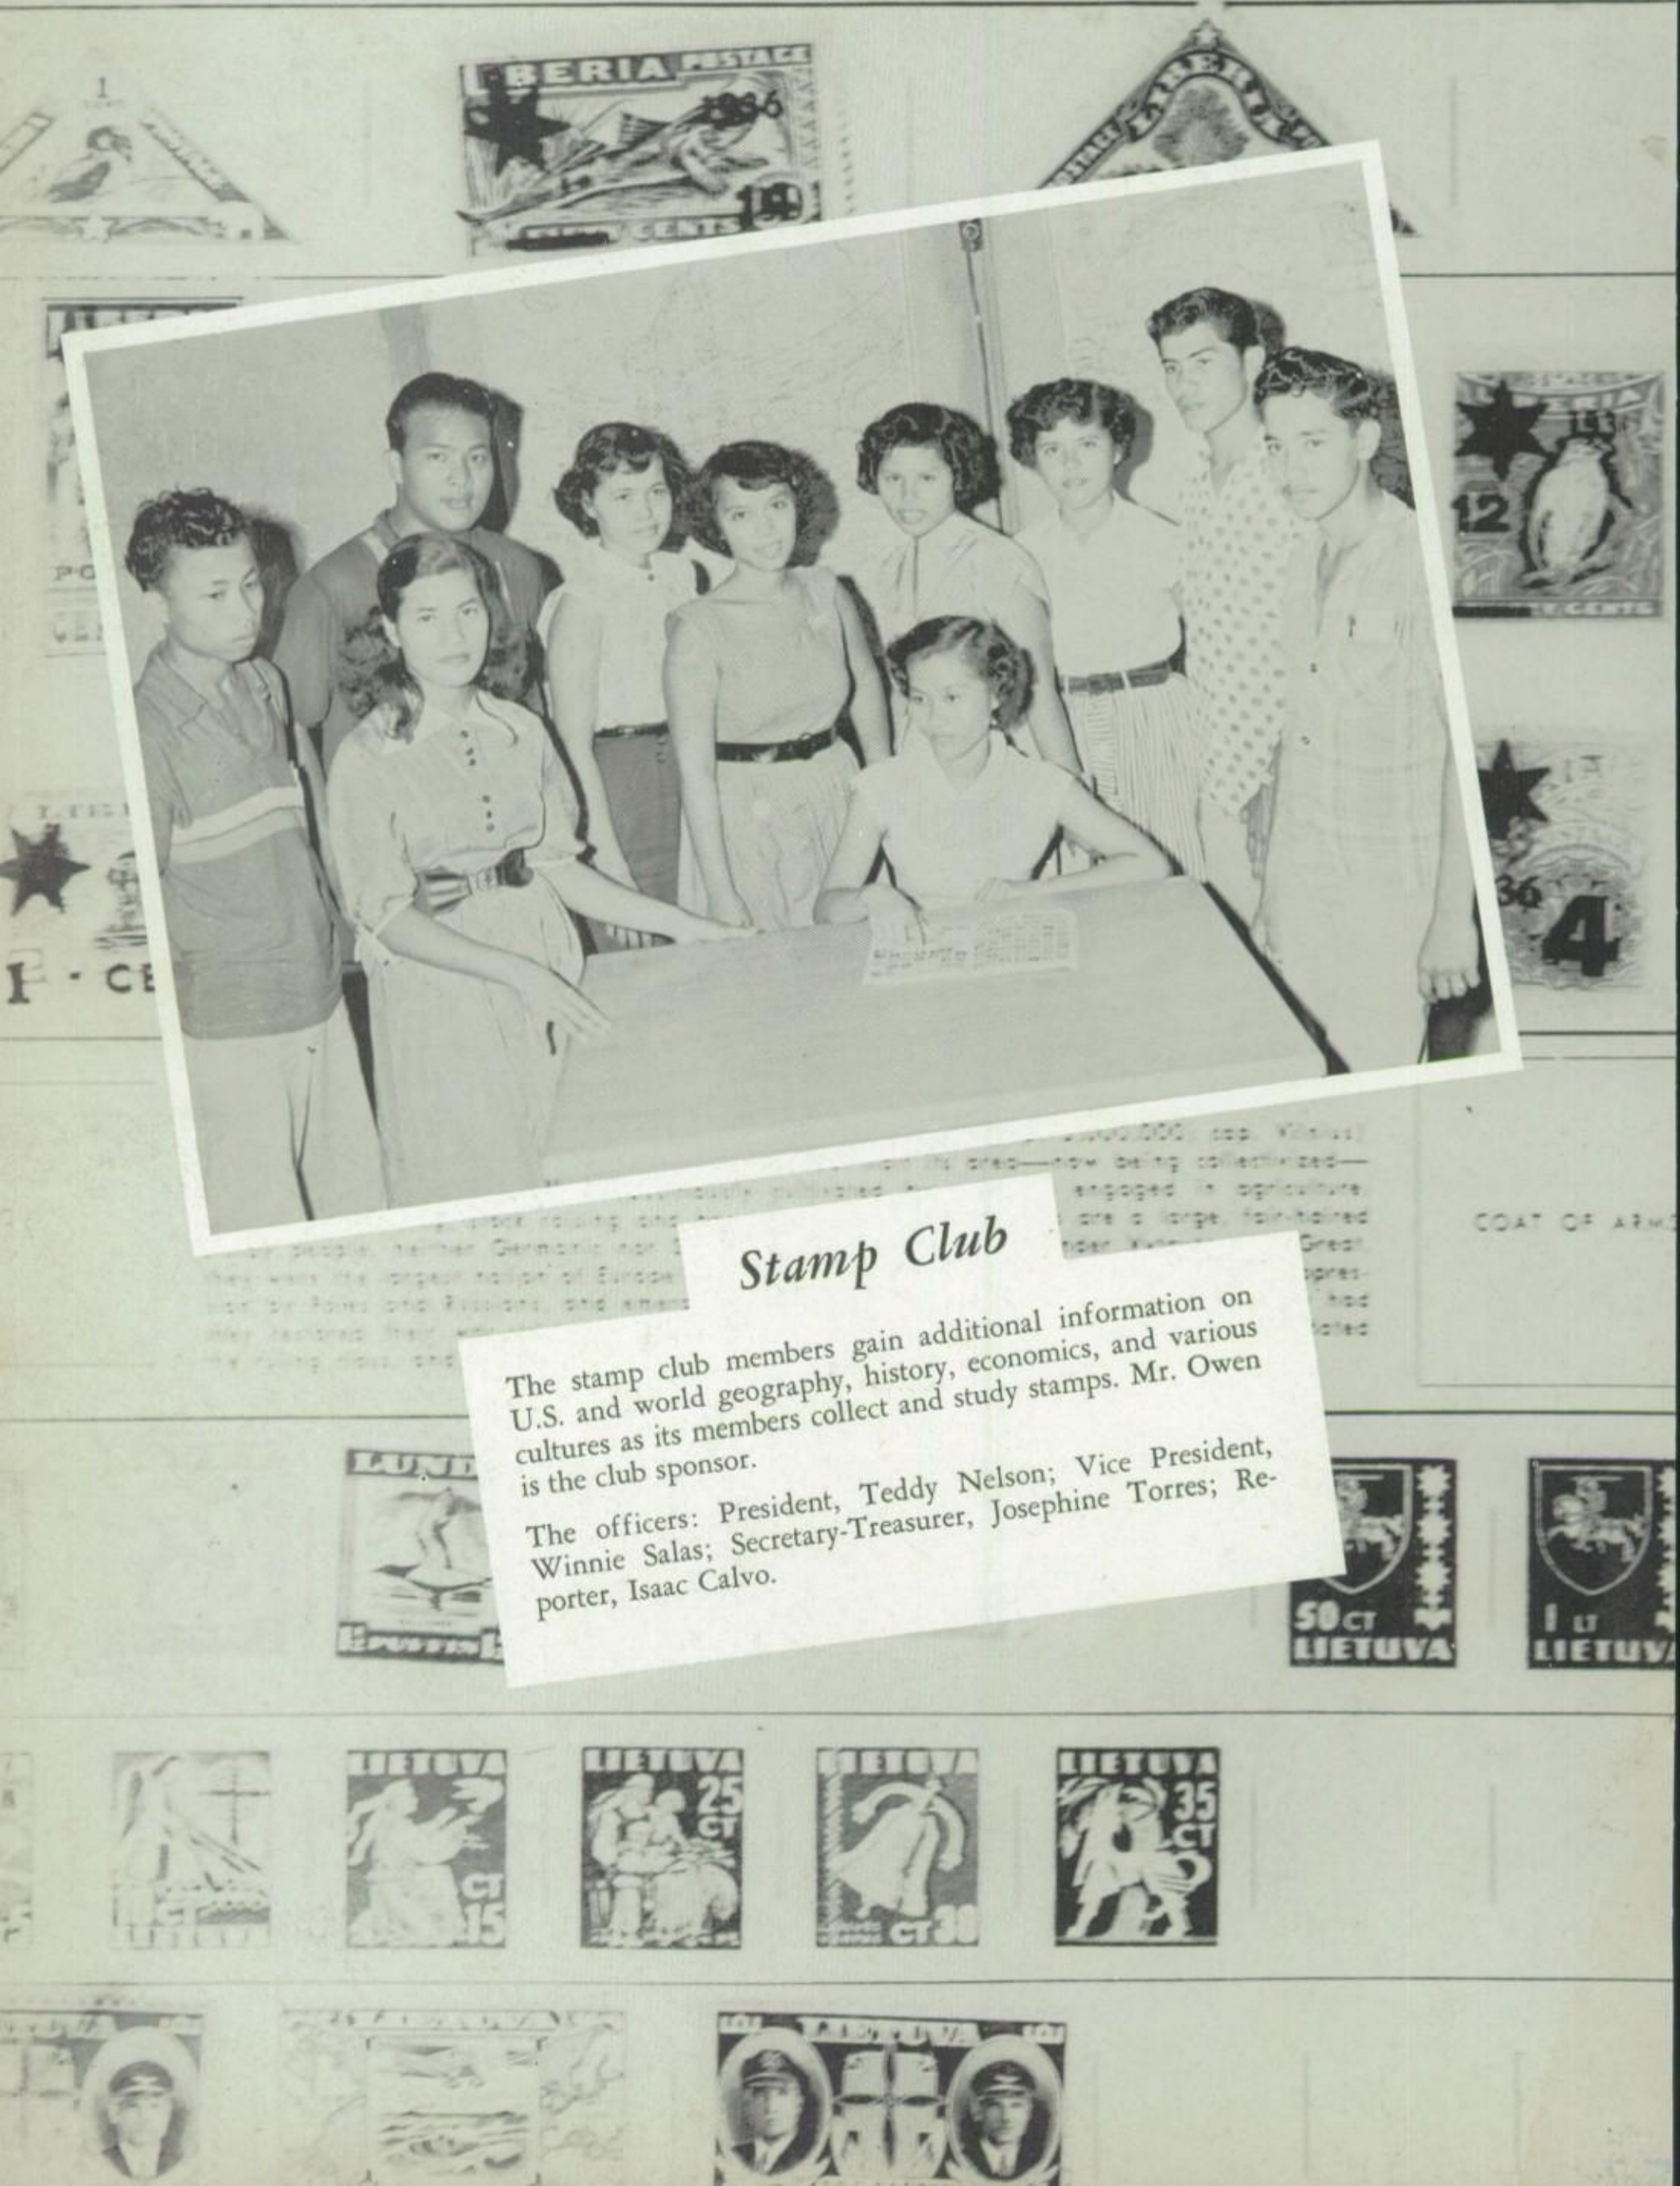

...major move... is still at work with native owners. A million acres leased to Firestone
 ...to make Liberia heart of world production of rubber. During World War II
 the United States constructed at Monrovia a deep water harbor, naval base, and airfield.

The officers: President, Teddy Nelson; Vice President, Winnie Salas; Secretary-Treasurer, Josephine Torres; Reporter, Isaac Calvo.

Projectionists

The boys who show the movies here at G.W.H.S., above, call themselves "The Projectionists." They are volunteers from the study halls.

Christmas Pageant

The Christmas Pageant given by G.W.H.S. changed slightly this year. Scenes portraying Christmas on Guam before, during and after the Spanish influence were featured along with the traditional Nativity Scenes. The band played Christmas music before the program, and the chorus provided background music for the scenes.

Junior Variety Show

These cool kitties are probably singing . . . ??

Well, well, there's young doctor Malone and what WAS his patient.

G.W.H.S.'s own Minnie Pearl

Gee! I wonder if he is any relation to the "Little Brown Gal."

Christmas Parties

Just like the years past we had Christmas parties. And just as before there were three things that the students engaged in.

Eating (look at the food on that table!)

Making music either with records, a band, or some uke player captured in the halls.

And just sitting around enjoying the good music and food.

Senior Variety Show

The pictures above and below are shots of a dress rehearsal of the Senior Variety Show. This year's play "Paradise Island" concerned the plot of a movie before and after Hollywood got ahold of it.

... without your contribution this book could not have become an actuality. It is hoped the 1955 Gecko will fulfill a need of George Washington High School students, the faculty, and the community at large. Yearbook readers may feel assured the Gecko staff has put forth its best efforts, and if the reader finds enjoyment within these covers, the final requirement of this book has been fulfilled.
